HOMEWORK

INSTALLATION OF R
Reference: https://rstudio-education.github.io/hopr/starting.html

Look for the latest version of the R (programming environment)
R-base (CRAN – Comprehensive R Archive Network)
      Windows   https://cran.r-project.org/bin/windows/base/
      Mac
      Linux

INSTALL R IDE (Integrated Development Environment)
      Rstudio
      Note:
1. This must be done after installing R-BASE (NOT BEFORE)
2.

HOMEWORK
Write a two page report of the installation experience
Login to SOMAS (somas.uonbi.ac.ke) – Drop it in the submission bin for "Homework 1"
